aky6@sfu.ca

anthonyyi.github.io/cv

Vancouver, BC

Fourth-year Interactive Arts & Technology student specializing in 3D animation, visual storytelling, and digital media production, with hands-on experience delivering team-based animation projects using Maya. Interested in roles in animation production, digital media, and design.

Skills

3D & Design	Editing	Production Tools
Autodesk Maya	Adobe Photoshop	Mixamo
Figma	Adobe After Effects	Onshape
Adobe Illustrator	Microsoft ClipChamp	

Projects

A BEAUTIFUL MACHINE PHYSICAL MODEL

SEP 2024- DEC 2024

IAT106 Spatial Thinking and Communication

- Collaborated with peers to construct a nature-inspired machine with two distinct moving parts, powered by a single crank
- Prototyped linkage mechanisms using **CAD modeling in Onshape** before physical construction to validate measurements and functionality
- Built the model under constraints of common material (cardboard, skewers, hot glue) proving spatial thinking skills under real-world design constraints
- Adapted to abrupt challenge to incorporate additional third distinct motion into the completed model mechanisms

SOUL CONTAINMENT PROTOCOL- SHORT FILM

MAY 2025- AUG 2025

IAT343 Animation

- Led coordination of a team of six to storyboard, animate, and produce a 3D animated short film using Autodesk Maya on a 3 month timeline
- Managed project deadlines and updating the assignment blog on wix.com
- Modeled and textured the setting and props for the apartment scene to enhance narrative context
- Rigged 5 character models using Mixamo and Autodesk Maya as well as troubleshooting failed rigging attempts
- Edited and sound-designed the final edited short film using Microsoft Clipchamp

- Collaborated with the *Vancouver Rabbit Rescue & Advocacy* volunteer organization to improve their adoption process
- Conducted ethnographic research including interviews with the Adoption Coordinator and adopters, through several stages of in-person research and hosting online workshops to understand user workflows and gather feedback
- Communicated with the coordinator contact for regular meetings and check-ins
- Designed an improved interactive adoption form with the goal of ensuring adopters are well educated and confident going into the adoption process
- Created Figma mockup with conditional logic for info tips, waiver sections to prevent negligence, and a volunteer review interface

Experience

GREATER VANCOUVER FOOD BANK

Volunteer

BURNABY, BC

JUL 2024- PRESENT

- Food Preservation- washing produce, slicing, cutting, and preparing for dehydrating. Followed safety and sanitation protocols.
- Warehouse support- quality checking, fresh food sorting, packaging
- Distribution- provided front-line client support, restocked distribution supplies, maintained an organized site
